REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: As noted in the prior office action, the prior art made of record fails to explicitly disclose prevention of excitation of the filtering means by a light of wavelength $\lambda(p)$ between a gain optical fiber and filtering means. Claims 39-41 and 43 are allowed. Previously rejected claim 36 has been cancelled. Newly added claims 51-55 are allowable by virtue of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Wong whose telephone number is (571)272-2363. The examiner can normally be reached on Monday through Friday, 830AM - 430PM.
